

Cause & Effect

Grade 3 Reading Comprehension Worksheet

Read each passage. Then answer the question.

Passage 1

Jake left his crayons in the hot car. When he came back, the crayons had melted into colorful puddles.

1. Why did the crayons melt?
 - a. They were left in the hot car.
 - b. They were colorful.
 - c. Jake drew pictures.

Passage 2

The pond dried up in the summer heat. The frogs hopped away to find a wetter place to live.

2. Why did the frogs leave the pond?
 - a. It was summer.
 - b. Frogs like to hop.
 - c. The pond dried up in the heat.

Passage 3

Emma dropped her ice cream cone on the hot sidewalk. It melted into a sticky puddle in less than a minute.

3. Why did the ice cream melt so fast?
 - a. It fell on the hot sidewalk.
 - b. Emma was sad.
 - c. It was a big cone.
