

Compare & Contrast

Grade 3 Reading Comprehension Worksheet

Read each pair. Then answer the question.

Dogs and Cats

Dogs love to play fetch and go for long walks. They bark when someone knocks at the door. Most dogs are happy to meet new people.

Cats love to nap in sunny spots and chase toy mice. They purr when they are happy. Most cats hide when new people visit.

1. How are dogs and cats alike?
 - a. They both bark at the door.
 - b. They are both pets that people love.
 - c. They both love long walks.

Summer and Winter

In summer the sun rises early and the days feel long. Children swim in pools and eat cold ice cream to stay cool.

In winter the sun sets early and the days feel short. Children build snowmen and drink hot cocoa to stay warm.

2. How are summer and winter alike?
 - a. Both seasons change how children play and dress.
 - b. Both seasons are hot.
 - c. Children swim in both seasons.

Apples and Oranges

Apples are round fruits that grow on trees in cool places. They are crunchy and come in red, green, and yellow.

Oranges are round fruits that grow on trees in warm places. They are juicy and you peel the thick skin before eating.

3. How are apples and oranges alike?
 - a. They are both round fruits that grow on trees.
 - b. They both have thick peels.
 - c. They both grow in cool places.
