

The Lost Star

Grade 3 Reading Comprehension Worksheet

Read the story, then answer the questions.

A little star fell from the night sky.
It landed softly in a green meadow.
A rabbit found it glowing in the grass.
The rabbit carried it to the top of a hill.
It tossed the star back into the sky.
The star twinkled a bright thank you.
Now it shines happiest of all.

1. Who found the little star?

2. What did the rabbit do with the star?

3. Where did the star land?

4. Why does the star shine happiest now?
