Grade 3 Reading Comprehension Worksheet

Read the story, then answer the questions.

Dev loved flying his red kite on windy days.

One afternoon, a strong gust snapped the kite string.

The kite flew high over the roofs and trees.

Dev followed it all the way to the riverside park.

There, his friend Tara was holding the lost kite.

She had caught it as it landed in the tall grass.

Dev thanked her, and they flew the kite together.

Sharing the kite made the day twice as fun.

1. Who caught the lost kite in the park?

2. What snapped when the strong gust blew?

3. Where did Dev find his lost kite?

4. Why did the kite fly away from Dev?
