Grade 2 Reading Comprehension Worksheet

Read each story beginning. Choose what will most likely happen next.

Story 1

Lucy planted sunflower seeds in the garden and watered them every day. After a week, tiny green sprouts pushed through the soil.

1. What will most likely happen next?
 - a. The sprouts will turn into apple trees.
 - b. The sprouts will grow into tall sunflowers.
 - c. The sprouts will disappear overnight.

Story 2

Dark clouds rolled in and the wind picked up. Mom called, "Bring the bikes into the garage, quick!"

2. What will most likely happen next?
 - a. It will probably start to rain soon.
 - b. Snow will fall in July.
 - c. The sun will come out and stay.

Story 3

Sam saved his allowance for two months to buy a new kite. On Saturday morning, the wind was strong and steady.

3. What will most likely happen next?
 - a. Sam will fly his new kite.
 - b. Sam will wait until winter.
 - c. Sam will return the kite to the store.
