Grade 2 Reading Comprehension Worksheet

Read each story beginning. Choose what will most likely happen next.

Story 1

The snow was perfect for packing. The friends rolled three big snowballs and stacked them in the yard.

1. What will most likely happen next?
 - a. They will build a sandcastle.
 - b. They will let the snow melt.
 - c. They will build a snowman.

Story 2

Nina's tooth had been wiggly for a week. At dinner, she bit into an apple and felt the tooth move.

2. What will most likely happen next?
 - a. Her tooth will grow back bigger.
 - b. Her tooth will never move again.
 - c. Her tooth will come out soon.

Story 3

The library announced a reading contest: whoever reads the most books in June wins a prize. Tom checked out six books on June first.

3. What will most likely happen next?
 - a. Tom will read a lot of books in June.
 - b. Tom will return the books unread.
 - c. The contest will be canceled.
