

Measuring Angles

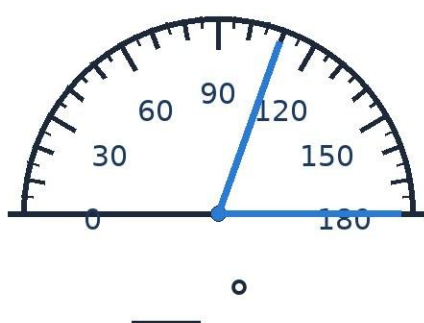

Grade 3 Geometry Worksheet

Use the protractor to measure each angle. Write the degrees.

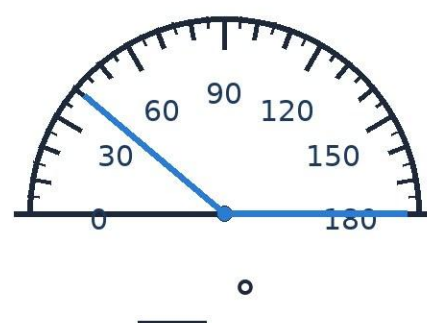

1.

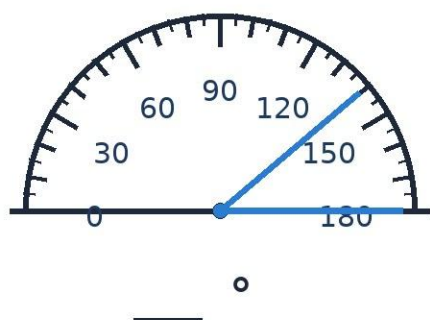

2.

3.

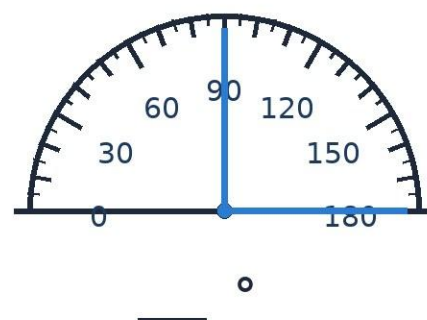

4.

5.

6.

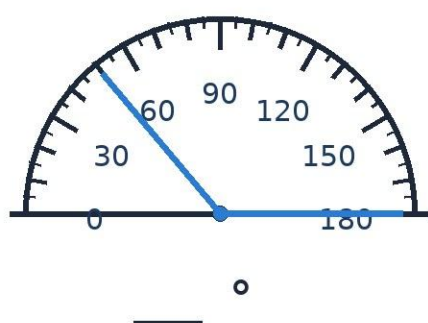

Measuring Angles

Grade 3 Geometry Worksheet

Use the protractor to measure each angle. Write the degrees.

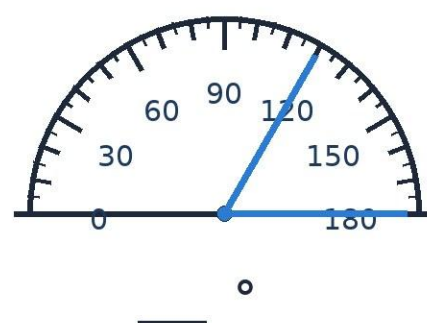

1.

2.

3.

4.

5.

6.

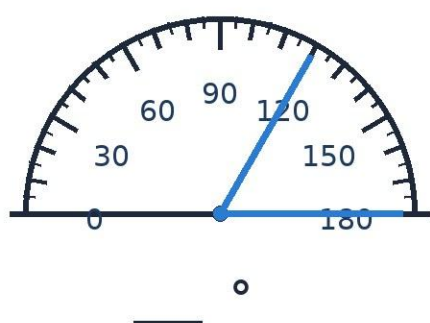

Measuring Angles

Grade 4 Geometry Worksheet

Use the protractor to measure each angle. Write the degrees.

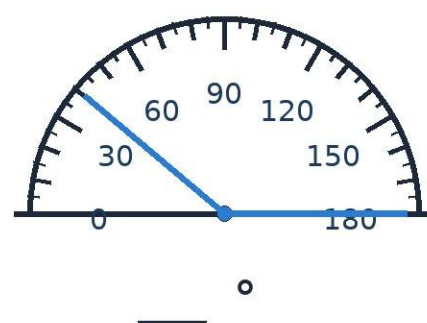

1.

2.

3.

4.

5.

6.

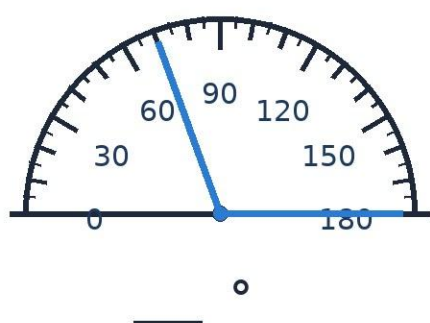

Measuring Angles

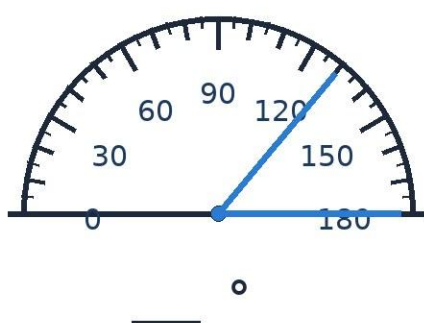

Grade 4 Geometry Worksheet

Use the protractor to measure each angle. Write the degrees.

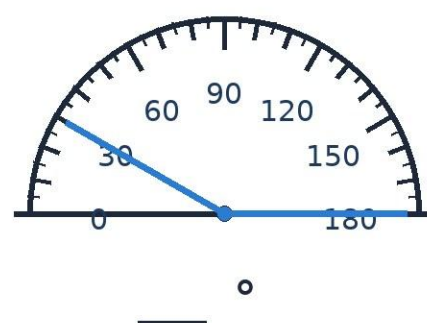

1.

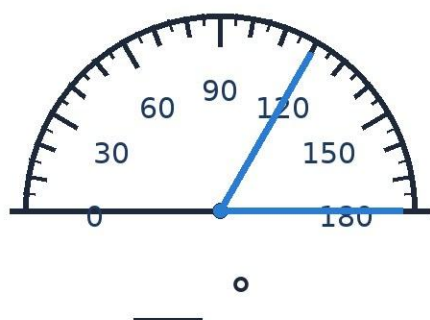

2.

3.

4.

5.

6.

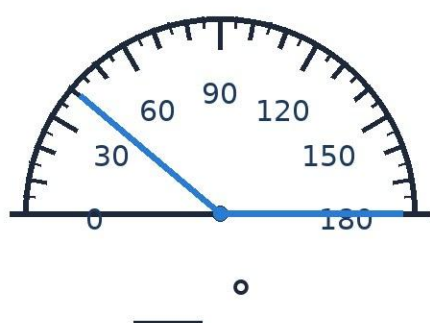

Measuring Angles

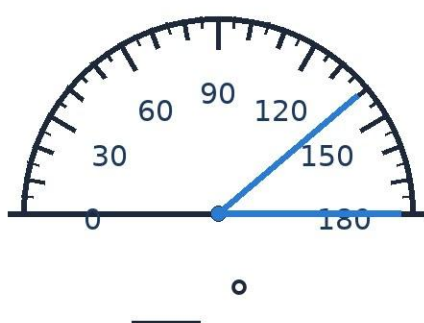

Grade 5 Geometry Worksheet

Use the protractor to measure each angle. Write the degrees.

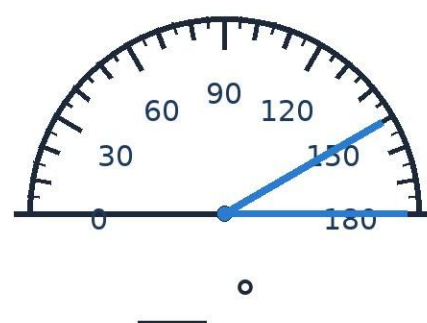

1.

2.

3.

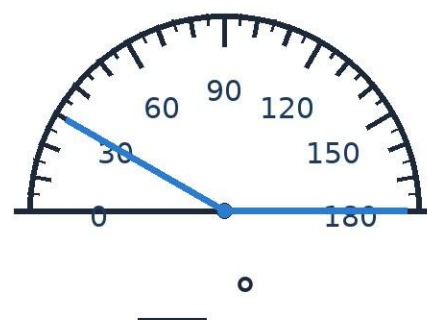

4.

5.

6.

Drawing Angles

Grade 5 Geometry Worksheet

Use the protractor. Draw each angle starting at the 0 line.

1.

Draw a 150° angle.

Mark it with an arc.

2.

Draw a 30° angle.

Mark it with an arc.

3.

Draw a 145° angle.

Mark it with an arc.

Drawing Angles

Grade 4 Geometry Worksheet

Use the protractor. Draw each angle starting at the 0 line.

1.

Draw a 115° angle.

Mark it with an arc.

2.

Draw a 35° angle.

Mark it with an arc.

3.

Draw a 140° angle.

Mark it with an arc.

Drawing Angles

Grade 5 Geometry Worksheet

Use the protractor. Draw each angle starting at the 0 line.

1.

Draw a 50° angle.

Mark it with an arc.

2.

Draw a 80° angle.

Mark it with an arc.

3.

Draw a 45° angle.

Mark it with an arc.

Types of Angles

Grade 3 Geometry Worksheet

Is each angle acute, right, or obtuse? Circle one.

1.

acute

right

obtuse

2.

acute

right

obtuse

3.

acute

right

obtuse

4.

acute

right

obtuse

5.

acute

right

obtuse

6.

acute

right

obtuse

Types of Angles

Grade 5 Geometry Worksheet

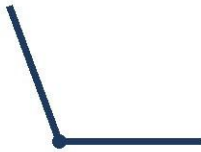

Is each angle acute, right, or obtuse? Circle one.

1.

acute right obtuse

2.

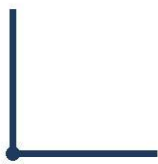

acute right obtuse

3.

acute right obtuse

4.

acute right obtuse

5.

acute right obtuse

6.

acute right obtuse
