

States of Matter: Sort the Words

Grade 4 Science Worksheet

Write each word from the word box in the correct column.

Each column gets 4 words. Think: solid, liquid or gas?

wood

rock

milk

honey

oxygen

ice

juice

chair

air

steam

smoke

water

SOLID

LIQUID

GAS

States of Matter: Odd One Out

Grade 4 Science Worksheet

Circle the word in each row that is a different state of matter.

milk

water

juice

ice

wood

air

rock

chair

rock

smoke

oxygen

steam

honey

smoke

water

juice

air

milk

oxygen

steam

wood

rock

chair

water

States of Matter: What Happens?

Grade 4 Science Worksheet

Draw a line to match each item with what happens to it.

ice melts

it turns into liquid

water freezes

it turns into ice

water boils

it turns into steam

chocolate melts

it turns into water

States of Matter: True or False

Grade 4 Science Worksheet

Circle True or False for each sentence.

A solid can flow like water.

True

False

Ice is a solid form of water.

True

False

Every gas can be seen.

True

False

Water is a gas at room temperature.

True

False

Liquids take the shape of their container.

True

False

Solids keep their own shape.

True

False

Liquids have a fixed shape.

True

False

Gases spread out to fill a container.

True

False

States of Matter: Label the Pictures

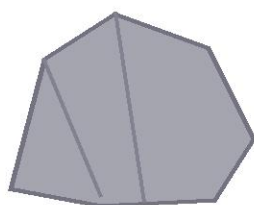

Grade 4 Science Worksheet

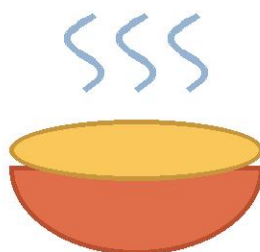

Write Solid, Liquid or Gas under each picture.

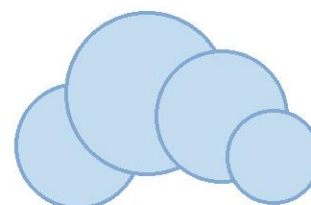

States of Matter: Heating and Cooling

Grade 4 Science Worksheet

Draw a line to match each thing with what heat or cold does to it.

An ice cube in the sun

freezes

Water in the freezer

evaporates

Water in a hot kettle

melts

Steam on a cold window

condenses

Butter in a hot pan

melts

A puddle on a hot day

evaporates

States of Matter: Fill in the Blanks

Grade 4 Science Worksheet

Fill in each blank with a word from the word bank.

Word bank:

solid liquid gas melt freeze evaporate

A _____ keeps its own shape.

Water is a _____ .

The air we breathe is a _____ .

An ice cube will _____ in the sun.

Water will _____ in the freezer.

Heat can make water _____ .

States of Matter: S, L or G

Grade 4 Science Worksheet

Write S for solid, L for liquid, or G for gas next to each word.

table

steam

lemonade

orange juice

pencil

air

oxygen

milk

coin

book

smoke

water

rain

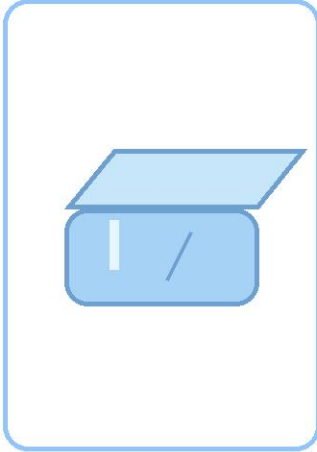

ice

fog

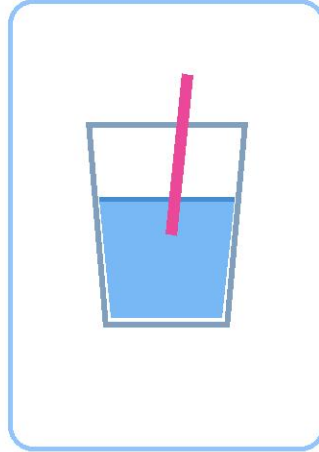

States of Matter: What State Is It?

Grade 4 Science Worksheet

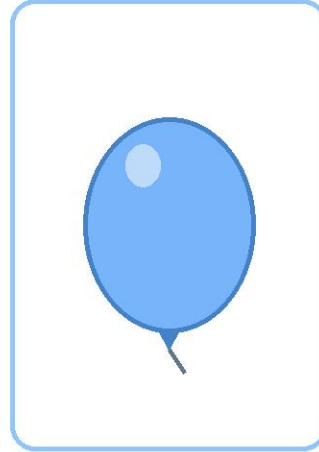

Look at each picture. Circle the correct state: solid, liquid or gas.

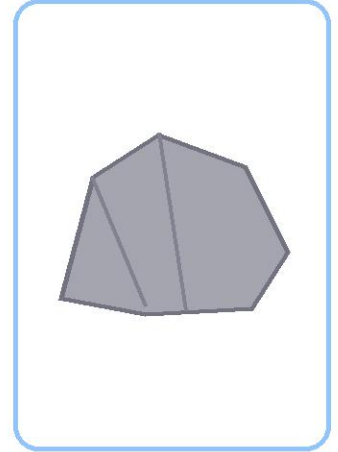

solid liquid gas

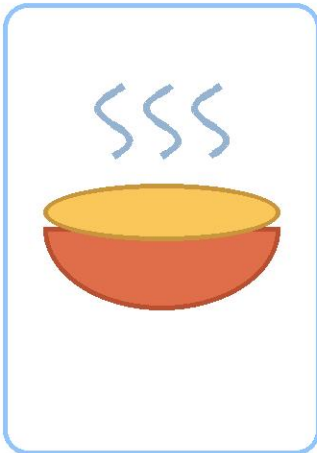

solid liquid gas

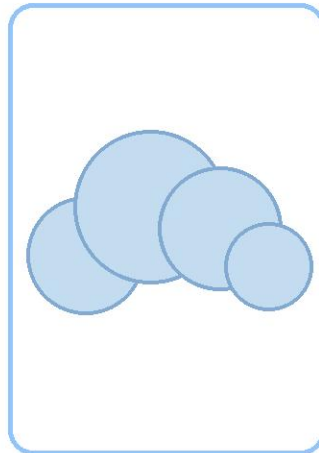

solid liquid gas

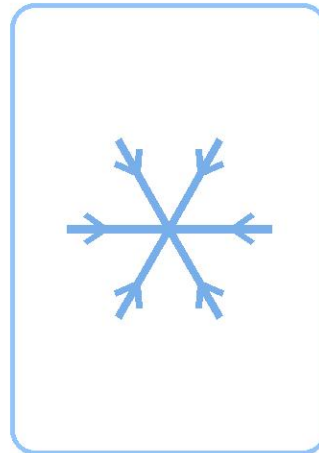

solid liquid gas

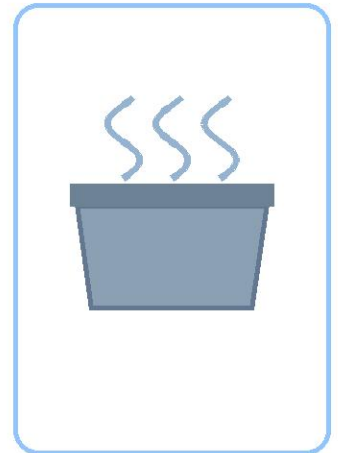

solid liquid gas

solid liquid gas

solid liquid gas

solid liquid gas

States of Matter: Review

Grade 4 Science Worksheet

Part A: Draw a line to match. Part B: Circle True or False.

Part A

solid	a solid becomes a liquid.
liquid	takes the shape of its container.
gas	spreads out to fill all the space.
melting	keeps its own shape.

Part B

Steam is a gas.

True

False

Ice cream is a liquid.

True

False

Air takes up space.

True

False

A rock can flow like water.

True

False
