

Label the Water Cycle

Grade 2 Earth Science Worksheet

Study the picture. Then write the word from the word bank on each line.

Word Bank: evaporation • condensation • precipitation • collection

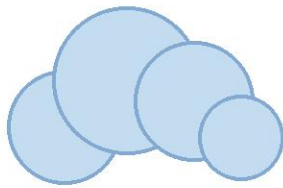

1. _____
2. _____
3. _____
4. _____

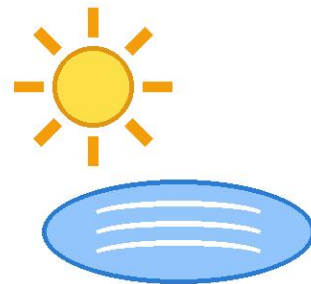

Put the Cycle in Order

Grade 2 Earth Science Worksheet

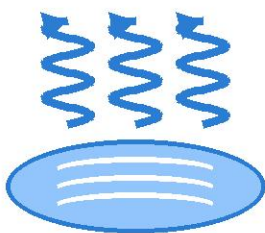

Number the pictures 1, 2, 3, 4 to show what happens first.

Clouds form

Sun heats the water

Water rises up

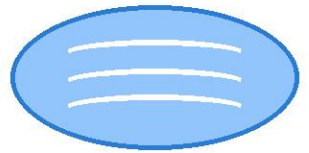

Rain falls down

Match the Word to the Picture

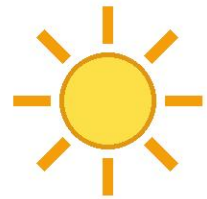

Grade 2 Earth Science Worksheet

Draw a line from each word to its picture.

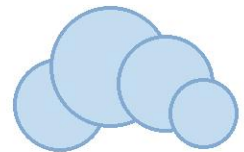

cloud

rain

sun

lake

Water Cycle: True or False

Grade 2 Earth Science Worksheet

Read each sentence. Circle True or False.

The sun heats water in lakes and oceans.

True

False

Rain is called precipitation.

True

False

Clouds are made of tiny drops of water.

True

False

Water never goes up into the sky.

True

False

Snow is a kind of precipitation.

True

False

The water cycle goes on and on.

True

False

Fill in the Blanks

Grade 2 Earth Science Worksheet

Use a word from the word bank to finish each sentence.

Word Bank: sun • clouds • rain • lakes • cycle

The _____ heats the water.

Water rises up to make _____.

_____ falls from the clouds.

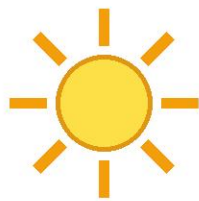

Rain flows into _____ and rivers.

This is the water _____.

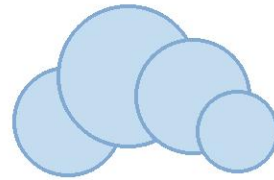

Finish the Water Cycle

Grade 2 Earth Science Worksheet

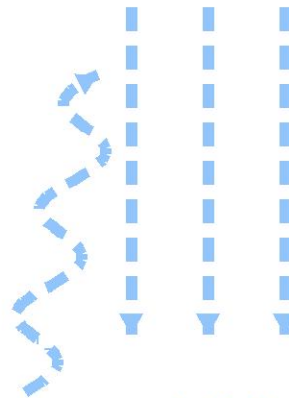

Trace the dotted arrows to finish the water cycle.

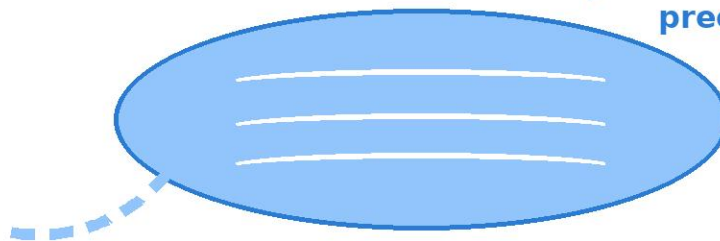

condensation

evaporation

precipitation

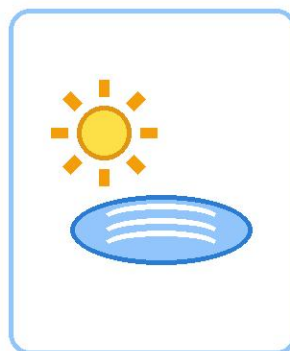

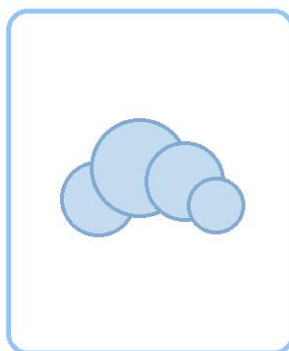

collection

Circle the Right Picture

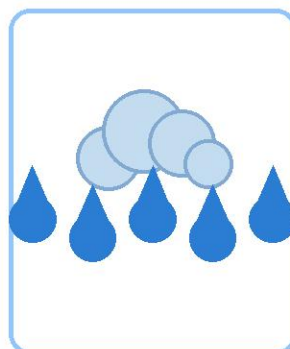

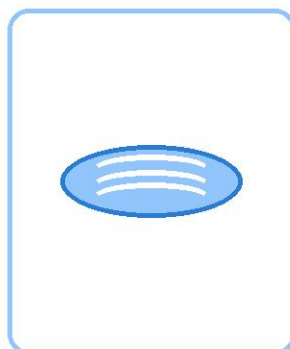

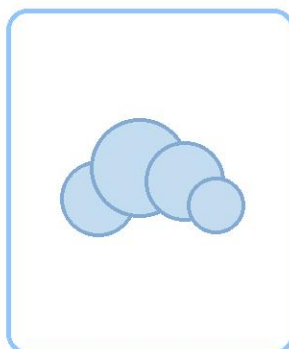

Grade 2 Earth Science Worksheet

Circle the picture that shows the right stage.

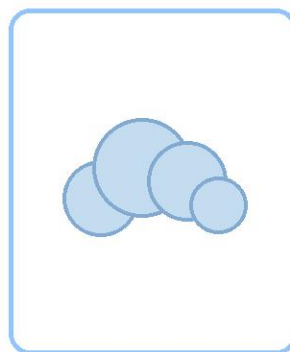

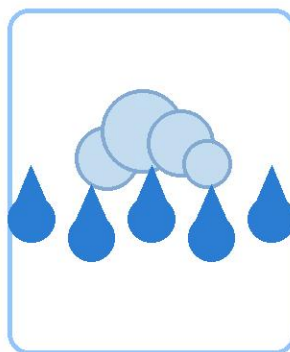

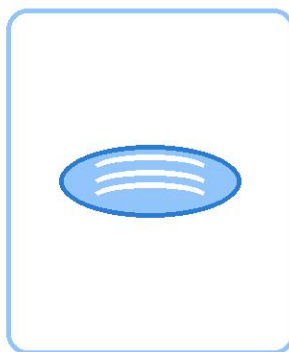

Which shows evaporation?

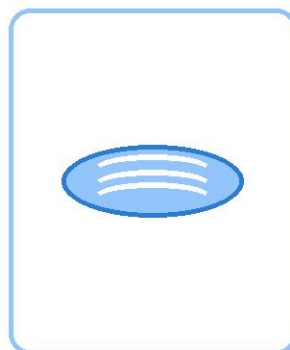

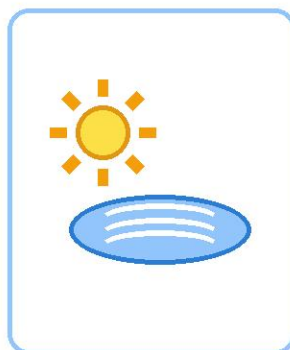

Which shows condensation?

Which shows precipitation?

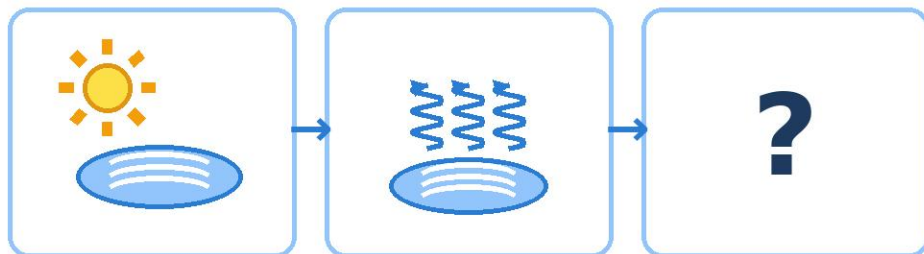

Which shows collection?

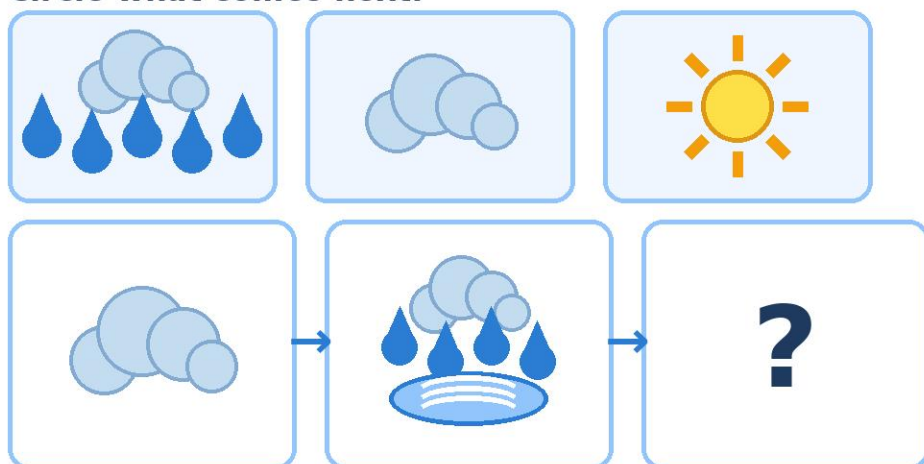

What Comes Next?

Grade 2 Earth Science Worksheet

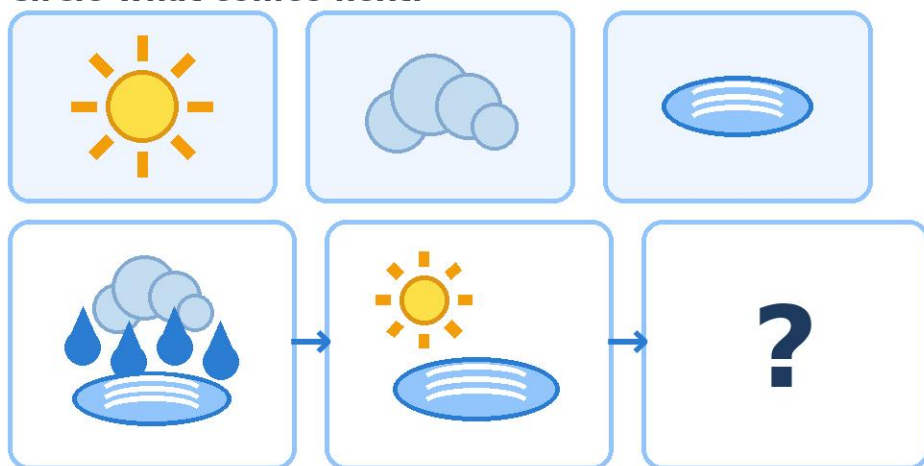

Look at the first two pictures. Circle what comes next.

Circle what comes next:

Circle what comes next:

Circle what comes next:

Up or Down?

Grade 2 Earth Science Worksheet

Water goes up. Water falls down.

Write each word from the word bank in the right box.

Word Bank:

sun

heat

steam

warm air

rain

snow

hail

drizzle

UP — Evaporation

DOWN — Precipitation

Water Cycle Review

Grade 2 Earth Science Worksheet

Match each word to its picture. Then do the drawing.

evaporation

condensation

precipitation

collection

Draw where the rain goes. Then label your picture.
