

Label the Water Cycle: Set 2

Grade 2 Earth Science Worksheet

Study the picture. Then write the word from the word bank on each line.

Word Bank: evaporation • condensation • precipitation • collection

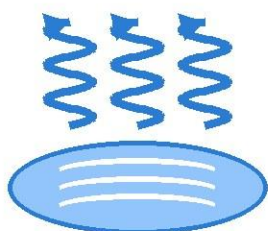

1. _____
2. _____
3. _____
4. _____

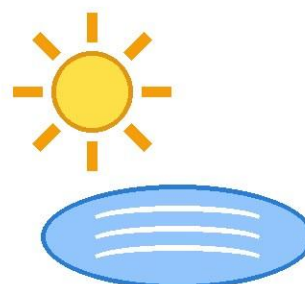

Put the Cycle in Order: Set 2

Grade 2 Earth Science Worksheet

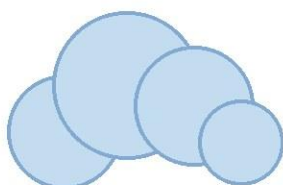

Number the pictures 1, 2, 3, 4 to show what happens first.

Water rises up

Sun heats the water

Clouds form

Rain falls down

Match the Word to the Picture: Set 2

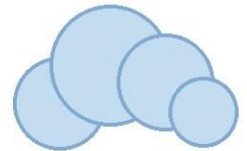

Grade 2 Earth Science Worksheet

Draw a line from each word to its picture.

sun

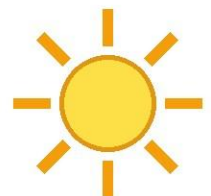

lake

rain

cloud

Water Cycle: True or False: Set 2

Grade 2 Earth Science Worksheet

Read each sentence. Circle True or False.

Rain is called precipitation.

True

False

The sun heats water in lakes and oceans.

True

False

Clouds are made of tiny drops of water.

True

False

Snow is a kind of precipitation.

True

False

Water never goes up into the sky.

True

False

The water cycle goes on and on.

True

False

Fill in the Blanks: Set 2

Grade 2 Earth Science Worksheet

Use a word from the word bank to finish each sentence.

Word Bank: sun • clouds • rain • lakes • cycle

Rain flows into _____ and rivers.

_____ falls from the clouds.

The _____ heats the water.

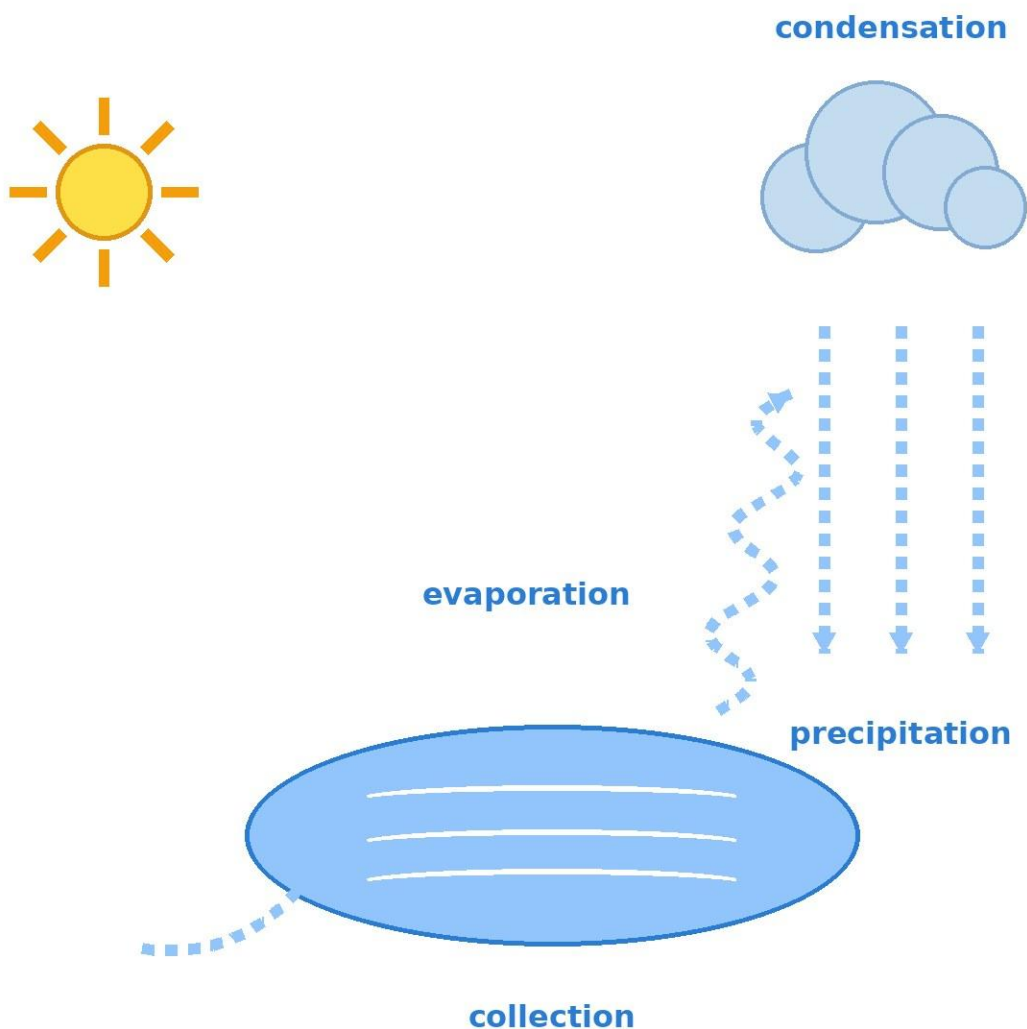

This is the water _____.

Water rises up to make _____.

Finish the Water Cycle: Set 2

Grade 2 Earth Science Worksheet

Trace the dotted arrows to finish the water cycle.

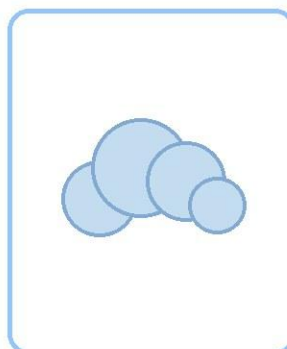

Circle the Right Picture: Set 2

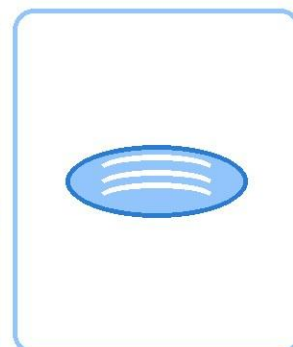

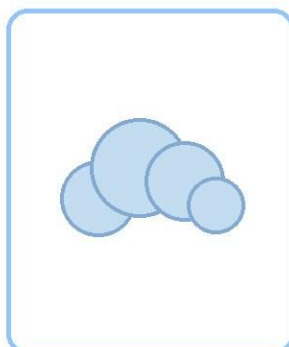

Grade 2 Earth Science Worksheet

Circle the picture that shows the right stage.

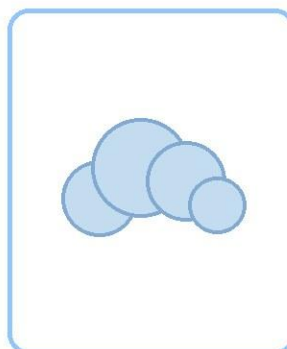

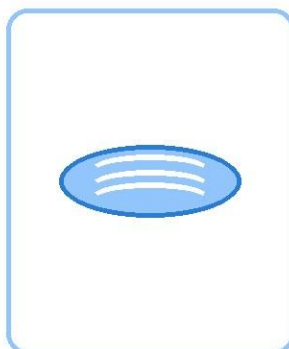

Which shows evaporation?

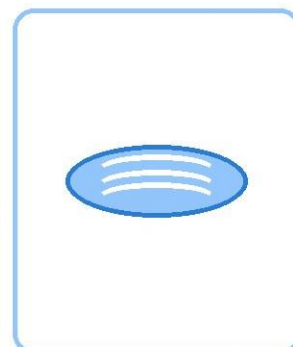

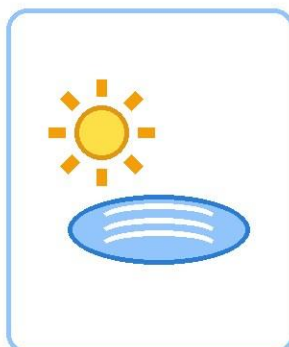

Which shows condensation?

Which shows precipitation?

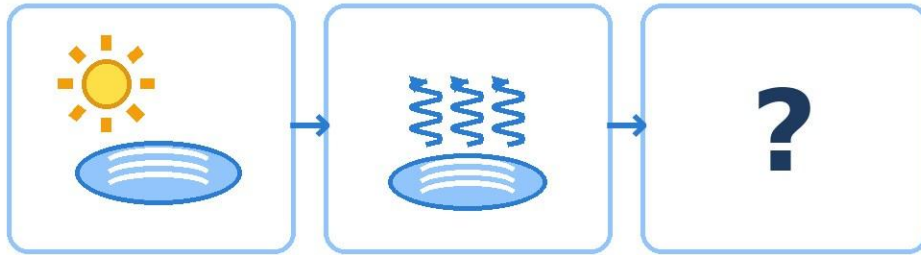

Which shows collection?

What Comes Next?: Set 2

Grade 2 Earth Science Worksheet

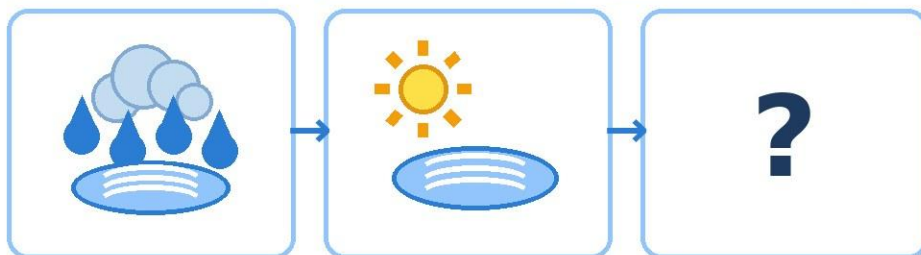

Look at the first two pictures. Circle what comes next.

Circle what comes next:

Circle what comes next:

Circle what comes next:

Up or Down?: Set 2

Grade 2 Earth Science Worksheet

Water goes up. Water falls down.

Write each word from the word bank in the right box.

Word Bank:

sun

steam

heat

warm air

drizzle

rain

snow

hail

UP — Evaporation

DOWN — Precipitation

Water Cycle Review: Set 2

Grade 2 Earth Science Worksheet

Match each word to its picture. Then do the drawing.

condensation

precipitation

evaporation

collection

Draw where the rain goes. Then label your picture.
